

DOCKING STATION HOLDER

INNOVATIVE SOLUTION FOR MANUAL APPLICATIONS

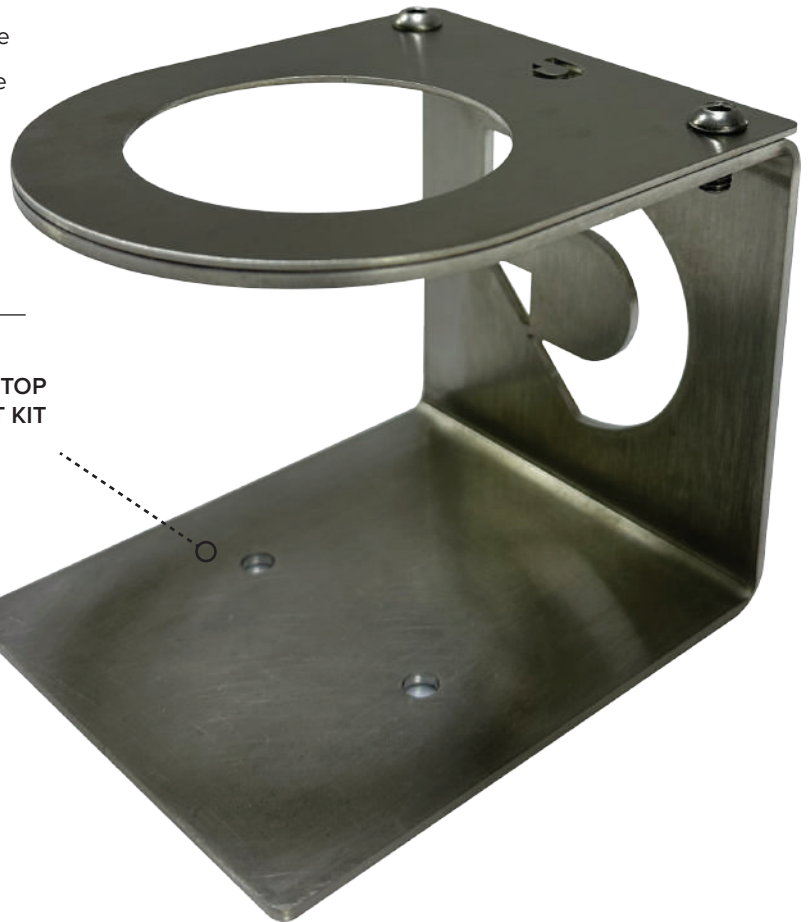

Elevate your workspace efficiency with our Docking Station Holder, designed to streamline manual tasks and organize essential tools. Crafted from durable stainless steel, this holder offers two mounting options: a Tabletop Mount Kit and a Table Side Mount Kit, ensuring optimal placement in any workspace. Each kit is equipped with an adapter plate for enhanced versatility. This adjustable feature allows the holder to accommodate docking stations of all sizes, providing a secure fit and promoting an efficient, well-organized workspace.

FEATURES:

- High-Quality Construction
- Flexible Mounting Options
- Universal Compatibility
- Versatile Placement
